R6 risk numbers appear to be shifting, pls forward a table in priority are highlighting the facility, location, and updated risk number. Any word, if June 7<sup>th</sup> is a go for a national role out?

Anything to add to the agenda from Steris?  
Are we good with these questions?

**Subject:** Up coming Teams Call

Kim,  
We look forward to our discussion on Friday at 2pm EST. To ensure we make the most efficient use of our time, I wanted to share a high level overview of what we will cover, a list of questions we have about the upcoming Community meetings, and the list of STERIS participants. Please let me know if you have any additional questions or items you would like covered.

STERIS Facility Overviews:

- We intend to provide an overview of each of our 3 Texas facilities (El Paso 1, El Paso 2, and Grand Prairie), including:
  - Facility layout and product flow
    - Virtual walk through
  - Facility controls/engineering
    - Highlight all controlled areas
  - Actual Destruction Efficiencies (DREs) per controlled area for each facility
  - EPA estimated emissions vs STERIS calculated emissions for 2017 and 2021

Questions Re: Community Meetings:

- Will the meetings be virtual or in person?
- Will there be an El Paso meeting and Grand Prairie meeting?
  - Will all facilities in the community be covered in a single meeting?
  - Other locations?
- What will be the main focus of the meetings?
  - AirTox Screen?
  - Upcoming NESHAP Rule?
  - Other toxics besides EtO?
- How does EPA intend to describe our facilities?
  - What information does EPA plan to share about our facilities?
- How will the meeting be communicated/publicized?
- Who will be involved in the meetings?
  - Mayor
  - State legislators
  - TCEQ
  - EPA HQ
- Will media be invited?
- What is your expectation for company engagement?

STERIS Participants:

- Ken Kohler – VP and GM, STERIS AST Americas
- Ron Emerich – Director, Occupational Health and Industrial Hygiene
- Earl Marcum – Manager, Environmental Compliance, STERIS AST
- Emmanuel Mendoza – El Paso Plant Manager
- Marcus Lee – Grand Prairie Plant Manager
- Julie Winter – VP, Communications
- Sarah Crowl – Senior Director, Marketing, STERIS AST
- Whitney Tull – VP, Government Affairs
